ELECTION SATURDAY, MARCH FIRST,

## Wednesday Morning, February 27, 1856. Counter Notes-Policy of the Planters', Union and State Banks.

The Legislature recently adopted a resolution calling upon the Planters', Union and State Banks, to say when, if at all, they intend to discontinue the issuance of notes "payable at other points than at their counters, " &c., &c. We published vesterday the replies of the Union and tion of all who may feel an interest in the return of these Banks to the policy of paying out only such notes as are pavable at their own counters, we deem it proper this morning to publish in connection, the origi- they are at present, and to that extent limit the nal resolution of the Legislature, and a ability of the Bank to serve the people. correct copy of the responses of the several | The Bank of Tennessee could not make all its is ther were made and received by the Legis-

RESOLUTION OF INQUIRY. SENATE CHAMBER. Nashville, February 23, 1856 To the President and Cashier of the Planters' Bank,

Nashville, Tonn. adopted by the present Legislature;

"Resolved by the General Assembly of the State of Tonnessee, That the President and Cashiers of the Bank of Tennessee, the Union Bank, and the Planters' Bank, be requested to answer in writing to this Legislature, when, if at all, they intend to discontinue the issuance of Notes payable at any other point than at their counters, and that said of ficers be requested to indicate their policy in that Respectfully, &c.,

H. R. WALKER, Clerk.

## REPLY OF THE PLANTERS' BANK. PLANTER'S BANE OF TENNESSEE, ) Nashville, Feb. 23, 1856 To the Hon, the General Assembly of the State of Tennessee, now in session:

GENTLEMEN-We have this morning been favored by the politeness of H. K. Walker, Esq., Clerk of the Senat', with a copy of your resolution calling on the President and Cashier of the Bank of Ten nessee, the Union Bank, and the Planters' Bank, each, on their own behalf, to answer in writing to this Legislature, "when, if at all, they intend to discontinue the issuance of Notes payable at any other point than at their counters, and also to indicate their policy in that respect."

In reply, we do not know that we can answer both objects of your inquiry better than by copying from the unnutes of our Board of Directors, under date of January 26, 1856, the following resolutions, then offered to the Board and unanimously adopted, (a copy of which was furnished each of the other two Banks the same day,) viz :

"I. Kesslord, That from and after the 1st day of July, 1856, this Bank and Branches will commence paying out Notes made payable at Nashville only. Provided, the Union Bank and Bank of Tennessee will co operate in this matter.

"2 Resolved, That the Cashier of this Bank be instructed to notify the Union Bank and Bank of

With the highest respect, yours, &c., O. EWING, President. D. WEAVER, Cashier,

REPLY OF THE UNION BANK.

To the Housrable the Speaker of the Schate and of the House of Representatives of the General Assembly of the State of Tennessee: The President and Cashier of the Union Bank,

have the honor to acknowledge from the Clerk of the Senate, the receipt of a copy of a resolution passed by the General Assembly of the State of Tennessee at its present session, enquiring of the Bank of Tennessee, Planters' Bank, and the Union Bank, " when, if at all, they intend to discontinue the is-nance of notes payable at any other point than at their counters, and that they be requested to indicate their policy in that behall."

The undersigned, in order to present a more full account of their policy in the premises, take the liberty of stating that the Union Bank commenced Mesers. P. &. G., can be relied on both as reoperations in the spring of 1833, and by the six- gards quantity and quality. teenth section of their charter were authorised "to issue bills or notes payable on demand at either of said offices of discount and deposit, and also at such Banks of respectable standing in any other State of the Union as the Board of Directors may deem ex

pedient and proper." then thought, for the convenience of the public, satisfied. His express wagon will run regular from the Union Bank issued notes payable at the princi his store to any part of the city, and convey para pal Bank and Branches, and also a very large por cells bought of him, free of charge. We are retion of notes at Banks in Philadelphia, Baltimore quested by Mr. humsey to say that he hopes the and New Orleans. These notes were paid out at purchasers will not be governed by the size of the the Benk and Branches without any regard to the "institution," as that pony is "some" on a pull. point where they were made payable, from that time until the resumption of specie payments in the summer of 1842. When that resumption took place, it was decured advisable to call in all the circulation that was made payable out of the State, and to issue only such notes as were made paya-

ble at the Bank or its Branches. The policy then adopted has been pursued ever since that time, and the Bank and its Branches have paid out, without discrimination, such a otes as they might have on hand, without regard to the place where they were made payable, except for a short time when they issued notes payable at the counter. For many years past it must, however, be understood, that the Mother Bank has always held herself in readiness to redeem the circulation of its Branches in Eastern exchange, at the same rates that they would have charged if the notes

had been payble at the counter. Many difficulties have hitherto intervened to prevent this Bank from only issuing such notes as were payable at the counter where issued, which it would be too tedious to explain. The several Banks have often consulted upon the propriety of making are universal in tall to us.

all their issues payable at Nashville alone, and fur \$\$1,000 to sale at \$\$1,000 to sa

nishing their Branches with a sufficient amount of plation to transact business upon, believing that this course would be an effectual remedy for the grievances complained of. As yet, however, they have never been able to come to any agreement upon the subject, and it will readily be perceived that all the Banks must pursue one line of policy, and that no single one could take a step by itself which would not result in its own ruin or greatly to its disadvantage. The undersigned would, however, respectfully state to your honorable body, that the Union Bank will, with pleasure, be willing to make all their issues payable at the counter in Nashville, whenever the Planters' Bank and Bank of Tennessee will, by a mutual agreement with this Bank, decide upon the time when they will be

prepared to pursue such a course. The Union Bank will cheerfully act in concert with the other Banks at all times, in adopting a line of policy that will be conducive to the financial interests of the State. The undersigned, are very respectfully, you

obedient servants, G. M. FOGG, Pres't, pro tem. J. CORRY, Cashier.

Union Bank of Tennessee. Nashville, 25th Feb., 1856.

REPLY OF THE BANK OF TENNESSEE. BANE OF TENNESBER,

Feb. 25, 1856. To the General Assembly of the State of Tennessee : The undersigned, the President and Cashier of day or two. the Bank of Tennessee, had the honor to receive from the Clerk of the Senate, on the 23d inst., the copy of a resolution requesting the Presidents and Cashiers of the Union, Planters' Bunk and Bank of Tennessee, to answer, in writing, "When, if at all, they intend to discontinue the issuance of notes

payable at any other point than at their counters, and that said afficers be requested to indicate their policy in that behalf." In compliance therewith, we have the honor to

state: That the issues of the Bank of Tennessee and its Branches are now redeemed in gold and silver at the points designated on the face of each tote-are received by them in payment of liabilities, and re-issued upon new loans or discounts without regard to the place where payable. The opposite policy, that of issuing notes payable at the counter alone, would involve the Bank in much

useless expense as well as great and unnecessary risk. The Bank and Branches must necessarily receive the notes of each other in the payment of liabilities to the Bank; if not allowed to re-issue in making discounts and loans, would be compelled to send them home for payment in the precious metals, which would require the employment of numeous agents for the transportation of the money from one to the other, at a very heavy expense to State Banks ; but, for the better informa- the Bank, with all the hizards incident to such a business, and without benefit to any one, except those engaged in the business of trading in the precious metals. The adoption of such a policy must necessarily reduce the business as well as the prof. its of the Bank one third if not one half of what

Banks, respectively, in the order in which sues payable at the counter in Nashville, without a radical change of its present organization, giving it the entire control of the officers as well as the cap ital of the branches-such as now possessed by the Union and Planters' Bank over their Branches. Such a concentration of the precious metals in Nashville as that policy would require, would so seriously affect so many interests in other sections GESTLEMEN - The following resolution has been of the State, that it is hardly probable it would be sauctioned by the Board of Directors, even if they had the power, without the express authority of the General Assembly.

The redemption of the notes payable at the Branches by the principal Bank in this city in gold and silver, would require the funds of each Branch to be under the control of the principal Bank, or would require a sufficiency of the precious metals to be kept at the principal Bank for that purpose, as well as at each of the Branches. The notes of the Branches are received here and by each other as cash, in the payment of debts, in the purchase of Exchange, or in the discount of notes, but if gold and silver be required, the holder must apply to the Branch where payable, where ample funds are

now provided for their redemption, For these reasons, the undersigned, without havng had an epportunity of consulting the Board of Directors since the reception of the resolution, express the opinion that no material change will be made in the policy of the Bank upon the subject adicated, without further authority from the General Assembly. Should, however, the interests of this Bank and of the people require a change in the policy of the Bank in this respect, the President and Board of Directors would not hesitate to exerise all the powers given in the carter, to meet the public wishes without regard to the policy that may be acted on by other Banks.

We are, respectfully, your obedient servants, C. JOHNSON, Pres't. JAS. MORTON, Cashier,

UNITED STATES CIRCUIT COURT. - Before His Hon, Judge Nelson, November 28, 1855,-

George W. Emery vs. Richard H. Pease. The bill in this cause to restrain the defend ant from manufacturing an endless chain horse power claimed to be an infringement upon letters patent granted to Horace L. Emery, Feb. 24, 1855, and assigned to the plaintiff. The parties both reside in Albany and are engaged in the manufacture of agricultural implements. The plaintiff, by virtue of his patent, claims the exclusive right to make and vend horse powers so constructed that different degrees of velocity and power may be produced in the same machine by changes of the geering, and it was claimed that Horace L. Emery was the first inventor of this device, and that the "Excelsior Horse Power," of which the defendant is the proprietor and manufacturer, embraced the mean feature of novelty which gave value to the Emery machine, and hence was the infringement. The case came before the Court upon the bill, answer, and affidavits pro and matter. . con., on a motion by the plaintiff for an injunction to restrain the defendant from making and vending for use the "Excelsior Horse Power," which has already obtained great celebrity as an article of value.

The motion was resisted upon various grounds. First, That Philip H. Kells, of Claverack, Columbia county, N. Y., was the real inventor of all embraced in the Emery patent which was of any practical value, and that all beyond what Kells had invented was frivolous. Second, That the Emery patent was obtained

from the Patent Office in the name of Horace L Emery by fraud, and with a view of depriving Ke of the just reward of his invention, Third, That the "Excelsior Horse Power" was not an infringement of the Emery patent, but differed materially from that of Emery, and was vestly a

superior acticle Upon hearing the papers read and the nature of the two machines explamed from models produced in court. Judge Nelson promptly refused the injune tion, deciding that upon the papers before him it clearly appeared that Kells was the first inventor of a material part of that embraced in the Emery patent, and also that the papers disclosed facts rendering it quite probable that the patent had been obtained in the name of Emery by the practice of bad faith towards Kells, and upon this point there was a sufficient question to be submitted to a jury if the plaintiff persisted in his claim. The motion made by the plaintiff for an injunction was there-

Further per Atlantic and Asia. NEW YORK, Feb. 25. - European intelligence shows that all goes favorably in the arrangements for peace between Russia and the Allies. It is reported that the Emperors of Russia and Austria will visit Paris during the Conference.

The real news of interest by the Atlantic concerning American affairs, is reported on Liverpool

Mr. Buchanan has demanded his passports, and the absence of himself and lady from a Soiree given by Lord Palmerston, is attributed to the personal misundertanding between the Earl of Clarendon and himself. We have no particulars of the reported misunderstanding, as English papers maintain a silence on the subject.

The Earl of Clarendon, however, is reported to have spoken in the most imperious manner to Mr. Buchanan, which the latter promptly checked by closing the interview.

The general tone of the English press is threatening and presumptuous towards the United States. The plurality commercial presses form an exception, and the Chambers of Commerce at Manchester and Liverpool protest against any interruption

of amicable relations with the United States. The London Morning Advertiser states that Sir Henry Bulwer has intimated that he would like to act as mediator between the British Government and Mr. Buchanan. This movement is said to be at the desire of Lord Palmerston. An interview was to take place at the American Embassy, when Sir Henry Bulwer would explain at length to Mr. B. the compromise he is prepared to recommend. All other papers maintain a profound silence upon this

In the House of Commons, Lord Palmerston, in answer to an inquiry from Mr. Cobden, said that the correspondence with the American Government upon the Central American affairs, would, when compiled, be laid before Parliament.

LIVERPOOL, Feb. 8. Messrs. McHenrys' Circular, quotes a decline in breadstuffs during the week of Sall pence on wheat and la2 shillings on corn. FOR SALE. M THE PLAN FOUR HUNDRED NEGROES

Ten Thousand Acres of Cane-Brake LAND! IN DALLAS AND PERRY COUNTIES, ALABAMA.

will sell, at Cahawba, in Dallas county, Alabama, to the ONE HUNDRED AND FIFTY LIKELY NEGROES. Also, FUTY OTHERS, on longer time-all acclimated and experienced c tto-plantatio hands, I will also sell, at any time during this year, at private sale,

Two Hundred Other Valuable Negroes, (In lots to suit purchasers,) and 10,000 Acres of the very est and most advantag ously situated "cane brake" and "black-land," including the nine plantations, known as the "Trigg Pinn'atio," "Mud Hall," "Sixte nth," "King Plantation," "Havins Place," "Ludlow," "Lodebo," "Holmes Place," and the "Cross Reads,"—all of which, for Cotton and Also, an elegantly improved and

BEAUTIFUL RESIDENCE, Adjoining Summerfield, eight miles from the city of Selma, with about Four Hundred Acres attached to it. The Dwelling

louse, offices, out-houses, grounds, garden, Ac., are all is frst-rate condition Thes: plantations are seventy or eighty miles below the city of Montgomery, about one hundred and fifty miles above Mobile, and west of and near to the Alabama river, which is at all seasons navigable for steamboats. Near seven thousand acres, including four of the plantations, are on the Selma and Woodville Railroad; and on this body of land, so ut 14 miles from Seima, is located the depot at the junction of the Marion Railroad with the Seima Road, to and from which depot the cars run regularly.

Of the other plantations—one is on the Selma Railroad, two are two miles, and two six miles distant, one of which is within six miles of the city of Selma. These plantations are n the highest state of cultivation, with good goes, gen houses, cotton-presses, mills, negro cabins, shops, stables, arte-

sian wells, &c., &c. &c.

I will sell them in tracts to suit purchasers, of 500, 1,000, 1,500, 2,000 cr 8,000 acres, and so laid off as to give as much opened and woodland to each tract as may be desired, and with or without the negroes, stock, plantation tools, corn, session of the above plantations and negroes will be given to the purchasers at any time whilst the crop is growing, or in December or January next, as they may wis If not sold privately previous to the first Monday mber next, I will, on that day, at Selma, sell to the highest oldder, such negroes as may then be unsold Such opportunities and advantages were never before pre-

sented for those wishing to continue, or to engage in the cul-tivation of c tten. It has been di"tenit for years past, to find a plantation in the "Cinne Bruke" region for sale at any price, or even to purchase there a large unimproved tract, These plantations are in fertility, facilities for transportation, and in all other respects, fully equal, if not susperior, to any in the cotton growing States and I know that persooal investigation will prove to the satisfaction of every one that no portion of the Union is more healthy than the 'Cane brake" region of Alabama. I will also sell privately, for cash, or on time, one of the most beautifully improved private residences in the city of Selma, and several valuable and elegantly fluished large blocks of Brick Buildings, including the largest and most de-sirably located store rooms, offices, banking houses, &c., &c. Also, several very desirable unimproved large lots, and small tracts of land in and contiguous to Selma.

THIRTY HEAD OF BLOOD HORSES, Among which is the celebrated "Brown Dick," several supe rior brood mares, several young stallions, geldings, colts and Among the negroes is a first rate Trainer, several good race-riders, and many excellent mechanics, cooks, seam-stresses and house servants. For further particulars, address the undersigned, or, W. M. Byan, Seq., at Selma; or, W. M. Baooxs, Esq., at Marion Perry county, Alalama. The Overseers now on the planta ins will give all descrable information to those who may wish to make a personal investigation of the premises.

RAGS! \$550 IN PREMIUMS! HAVING largely increased my supply of Rags by the Premiums offered the past year, ending June Suth, I am induced to offer a larger amount of Premiums for the present year, and will pay the above premium in sums of \$100, \$90, \$50, \$50, \$60, \$50, \$60, \$30, \$20 and \$10, to any ten Merchants or Pedlars who will deliver me from this date to the 1st of July, 1836, the largest amount of KAGS; the same to be bought outside of and by men doing business outside of Nashville or vicinity. I WILL AT ALL TIMES PAY THE HIGHEST MARKET PRICE IN CASH FOR RAGS ON DELIVERY, and issue a crifficate to the owner of the amount received and paid for,

These certificates must be kept and sent in on or before next

July, so that three disinterested merchants of Nashville can make the awards. The largest amount being entitled to

\$100, the next largest to \$20, and so on down.

Merchants sending me Rage will please write that I may know in whose name to issue the certificate. Combinations

will not be allowed.

Woolen, Linsey, Silk and Worsted Rags are not wanted, and will not be included in the above. I carnestly solicit greater attention to saying and buying rags throughout Middle Tennessee. W. S. WHITEMAN. PROF. WOOD'S THAS WORKED MIRACLES IN THIS PLACE.

THAT all the baid and the grey can be restored perfectly to original growth, so far as their locks are concerned, does not admit of a doubt, besides it will cure every possible disease of the scalp, whether developed as dandrug, tiching.

or in the shape of cutaneous eruptions—even scald head-and in no possible case will it fail of curing, as if by magic, nervous r periodical headache, and if used twice a week by the young, regularly, it will preserve the color, and keep the hair from failing, to any imaginable age. Ruad and Judga.

Logarsport, ia., June 28th, 1865. Mesars, O. J. Wood & Co.; GENTS :- Yours of the 18th came duly to hand. Enclosed please find \$68, it being the amount for Hair Restorative,— I have sold it all. • • If you choose you may send six dozen bettles Hair Restorative, I think I can sell it. It has

worked Miracles in this place. I sold a man six \$1 bottles, that was baid, and it fetched new hair out all over his head.

Yours respectfully,

M. H. GRIDLEY.

C. R. R. Office, Vandalia, June 21, 1854.

Prov. Wood: — Dear Sir: —I take pleasure in bearing voluntary testimony to the excellence of your Hair Restorative. Three months ago my hair was very grey. It is now a dark brown, (the original co.or) smooth and glossy. The only application I have made to it has been the Hair Restorative prepared by you, and which from the result in my own case I can most cordially recommend to others.

Hair Respirative.—In our columns to day will be found Prof. Wood's advertisement of the above article, to which we call attention. What it has done we have witnessed up-on several of our acquaintances in St. Louis. Hair once grey met our view, black or brown, as the case might be sery met our view, class of mown, as the case might being the color of early manheod, and as fine and glossy a silk, and that without any other application than the Bestor ative. If it has done this upon others, will it not do the same for any of our readers, whose "frosty brows" were once like the "raven locks" of Lockiel's warlike chief, if they will try it? We think so.—Micksoswille Constitut Oct. 5, 1863. Vincanane, Ind., June 15th, 1858. Prof O J. Wood:-As you are about to manufacture as

rend your recently Discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it, and known others to use it; that I have for saveral years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleaness the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful cient-es the head of datefruit, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glessy ap-pearance, and all this without discoloring the hands that ap-ply it, or the dress on which it drops. I would, therefore, nd its use to every one desirous of having a fine color and texture to bair. Respectfully yours, WILSON KING.

I am, sir, yours, &c., H. L. STEWART.

Sr. Lovis, June 29, 1858. Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was a few months ago very gray, and after using two bottles of your Hair Reaforative, it resumed its original color, and since its applica-tion all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the appearance of having been recently olied. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

Prepared and sold at 114 Market street, between th and 5th, St. Louis, Mo., and 316 Broadway, New York. For sale in Nashville, at Manufacturer's prices, by EWIN BROTHERS. G. W. HENDERSHOTT Also, for sale, Prof. Wood's Oriental Sanative Linment and Vegetable Life Pills, warranted better than any other or the money in all cases refunded. See circular for all necessary information with agents.
